

WEDNESDAY 22

THURSDAY 23

MODELLING COURSE: HOW TO SHAPE THE FACE (live model)

The surgical modelling course, led by the well-known Italian sculptor Angiolino Aime, will give each participant the opportunity to create a clay head with his/her own hands. Thanks to this experience, the surgeon will be able to fully appreciate the tridimensionality of the face. This course will last two full days.

Faculty: Angiolino Aime & Chiara Botti
